Art Unit: 2153

1. Claims 1-20 are still pending for examination.
2. Applicant's arguments, filed 1/9/08, with respect to the rejection of claims 16-20 under 35 U.S.C. § 101 have been fully considered and are persuasive. Thus, the rejection of claims 16-20 under 35 U.S.C. § 101 has been withdrawn.
3. Claims 1-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Takeda et al. [U.S. Pub. 2004/0179539].
4. The rejections are respectfully maintained and incorporated by reference as set forth in the last office action.
5. Applicant's arguments filed 1/9/08 have been fully considered but they are not deemed to be persuasive.
6. In the remarks, applicants argued in substance that Takeda cannot be applied as prior art against this application. Takeda was filed in the U.S. on July 16, 2003, and claims priority to no other U.S. or international references that would establish an earlier filing date under 35 U.S.C. 102(e). Accordingly, the critical reference date of Takeda, for the purpose of a rejection under 35 U.S.C. 102(e), is July 16, 2003. The subject application has been amended to claim priority from U.S. provisional patent application Serial No. 60/457,656, filed on March 26, 2003. Since the priority date of this application now predates the 35 U.S.C. 102(e) critical reference date of Takeda, it is respectfully submitted that Takeda cannot be applied as prior art against this application.
7. In reply to paragraph 5 above, Examiner respectfully disagrees because Takeda has claimed the priority to the international application JP 2003-069722 with the filing

date on March 14th, 2003 which has established an earlier filing date under 35 U.S. C. 102(e).

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
